## Support our Team Canada Dancers!

Some of our competitive dancers have received exciting news this past month.

First, **Milla Davis** was invited and accepted an offer from Team Canada Dance to compete in Prague at the IDO Tap Dance Championships. Unfortunately, because dance is not considered a sport in Canada, funding to compete is not provided and each dancer must find their own sponsor to cover the fees associated with representing our country. We began fundraising efforts by selling light-up scrunchies. **These scrunchies are \$5 each.**

Most recently, two other dancers received scholarships at Inspire Dance Challenge competition. The scholarship came from World Performers to also represent Canada at the Dance World Cup. Dancers **Scarlett MacLeod** (Acro) and **Pemmy Olijade** (Hip Hop) are considering their options with this offer and our NJADS family is proud to support them in their decision.

Congratulations dancers!
